**LADIES GROUP** At the time of writing our Annual Garden Party is due to take place and a full report will be in the next newsletter. We wanted to welcome our members back after such a long absence and so a Garden Safari was arranged for the last two Wednesdays in June. This included 6 lovely gardens in the village, each tended by one of our members. We would like to thank Lorna, Rosemary, Diane, Val, Gwen and Jayne for allowing us a peek into their gardens - all so different but equally beautiful. Special thanks to Val and Jayne for the refreshments. The afternoons were very enjoyable and we may make this an annual event. We hope to commence our meetings in the Reading Room from September - new members and visitors will be made very welcome. Sue Lowder 881805

**VILLAGE COFFEE MORNING** Thank you to everyone who came along to the village coffee morning at St Mary's on the 23<sup>rd</sup> June. The bells pealed beautifully, the sun shone brightly and it was wonderful to meet up with old friends and new neighbours. £295 was raised in total and we need to thank both Helen and Mark at The Lord Nelson and Katy Bakes @ The Reading Room for their most generous raffle prizes. Special note must be made of Janet Hutton's uncanny accuracy in "Guess the number of coffee beans in the jar", she was only five out from 3,105 – how did she do it?! The next coffee morning will be at Karen and Barry Eastley's house at **10.45am on Wednesday 22<sup>nd</sup> September at Manor House Grounds** in Higher Street with the theme of Harvest from the Garden. More details will follow in future newsletters. Sophie H and Sophie S

**MIKE ORCHARD** Lynn and family would like to thank all the kind people who sent messages and cards of sympathy on the passing of Mike – these have been so very much appreciated. Whoopie - we are home.....Pam and Mike Rastall

**COMMUNITY CARS AND THE SLINKY BUS.** If you have a problem with getting to appointments at hospitals, opticians, dentists etc telephone the staff who organise the transport for such situations. I sold my car late last year thinking I would be able to manage on the bus to Yeovil. Within a few weeks New Road was closed and the bus route through Norton was stopped. I was getting the shopping delivered so I presumed I could just wait and things would get back to normal. Then, a bit of trouble and a bit of a panic, both my husband and I needed hospital appointments. I couldn't drive because not only had I never driven my husband's car I had sent my licence back to DVLA. He couldn't drive his own car because of a stroke. Luckily, there was a notice in our shop with information about Community Cars and the Slinky Bus. I immediately

telephoned for help. The result was amazing. We were taken to Henhayes in Crewkerne for Covid Injections, Yeovil Hospital several times for various tests, Sherborne Eye clinics and so on. The drivers are so friendly and helpful and I can't praise them enough. There is a charge but a very reasonable one. I have been to Crewkerne on the Slinky Bus with two other ladies from Norton twice now and it is fun. There is time to have a coffee after a bit of shopping which is a real treat. Below is information from the Somerset Community Car website. Muriel Parkinson

**“Community Cars, South Somerset** Our Volunteer Car Service scheme is available for local people who have difficulty using public transport or who have no access to public transport. Volunteer drivers use their own cars to provide this service. All our volunteer car drivers have been DBS checked, they provide a reliable friendly courteous service. Again we appreciate how much familiarity means to our clients so we again try and be consistent with using the same drivers each time or at least using only 1 or 2 different drivers. Journeys include:- Long distance Medical journeys to Taunton, Exeter, Bristol and Bournemouth Local Medical journeys to Doctors, Hospitals, Opticians, Dentist and Chiroprapist. Hair Appointments We also undertake contractual journeys for clients such as Somerset Sight, where we provide journeys for clients to attend both consultations and workshops.” **Telephone 01935 477399 Email - info@communitytransport.org.uk Web site www.communitytransport.org.uk**

#### **ITEM FROM MIKE HEWITSON DISTRICT COUNCILLOR**

Somerset Waste Partnership (the body under which the 5 Somerset Councils manage waste and recycling services) has recently launched its 'Recycle More' service which aims to increase the breadth of materials which are collected at the kerbside as this will reduce the amount of rubbish which ends up in the black bin the frequency of collections will reduce to once every three weeks. All households should have had an updated collection schedule delivered by post in June.

The roll-out of the new service has been negatively impacted by the national shortage of HGV drivers, which has meant in some areas there have been missed collections. If you have been missed it is easy to arrange for a collection via the Waste Partnership website: <https://www.somersetwaste.gov.uk/>. You can also order new recycling containers such as a food waste bin or the new blue bags via the same link.

If you have logged a request for a missed collection and you have not received a response within 3 days please feel free to contact me: [mike.hewitson@southsomerset.gov.uk](mailto:mike.hewitson@southsomerset.gov.uk) and I will do my best to escalate for you.

In the meantime the Waste Partnership has produced some helpful tips if your collection is delayed: Make extra room by flattening cardboard, squashing plastic bottles (put lids back on afterwards) and crushing tins and cans (if safe to do so). Put out extra recycling in a cardboard box or other suitable container. If waste really has to go, take recycling to a recycling site. If that is not possible you can put it into your rubbish bin. If your food waste bin is full you can add it to your rubbish bin (double-bagging reduces smells). It will go to the 'energy from waste' plant in Avonmouth.

#### **PARISH COUNCIL REPORT FOR JULY 2021**

The Parish Council managed to have a very successful virtual meeting via Zoom at the beginning of July.

**Planning:** The Parish Council had no applications to discuss this month.

**Attenuation Pond** – A site meeting was held on the 29<sup>th</sup> June with District Councillor Mike Hewitson, The Clerk – Louise Brooks, Parish Councillor - Stuart Maunder, Robert Trott the developer of Bramley Fields and The Dares (representatives of the Bramley Fields residents) all present.

The situation was discussed, including the Parish Council's desire to see the pond surrounded with a post and rail fence for safety reasons. The residents of Bramley Fields do not want to see it fenced as they do not see it as being a risk to the public when there is water in the pond. They felt there are few children who live in Bramley Fields who would be affected when the pond has water in it. The Clerk pointed out that although the Parish Council were happy the attenuation pond was working by holding water at times of intense rainfall, the reason they were concerned was because the water had reached high levels on a few occasions now and photo evidence had been given to the Parish Council showing on one occasion, two young boys waist deep in the water and on a separate occasion, two young boys were seen on their bikes in the water. The attenuation pond is opposite a primary school and is viewable from New Road. There are also young children living in New Road, who the Parish Council felt were just as affected by the attenuation pond when water is contained. The Parish Council reiterated that it only takes a small amount of water for a child to

drown. However, the residents in attendance and the developer did not feel it was dangerous to leave it unfenced; in fact they felt it was safer to leave it unfenced, so if a child did fall in they would be visible. They also felt it would be more difficult to maintain with a fence in situ. It was eventually agreed to have an initial package of measures: \* 2 x flotation devices \* Signage, stating DANGER \* Depth marker. If this approach has been demonstrated not to have worked then the fence approach will be revisited.

**Speed issues outside the school** – A site meeting was held on the 1<sup>st</sup> July outside the entrance to the school at 8.15am, during drop off time. County Councillor Mark Keating, Highways Manager - Rebecca Vaughn, Chairman – Sue More, Parish Councillor - Barry Matraves, Head Teacher Jamie Caswell and local resident Mrs Harris were present.

An assessment will take place for a 20mph speed limit to be installed. Pyramid Flashing Light signage will be installed and the school 'Keep Clear' signs will be extended along the front of the school entrances. Mrs Harris will also arrange for parents to be wearing fluorescent jackets every now and again, as this made a huge difference during the site meeting. This will take place both at drop off and pick up times. There were also discussions regarding a speed bump just inside the school carpark. Mrs Harris thanked the Parish Council and County Councillor, Mark Keating for organising the site meeting and moving this issue forward.

**Footpaths: Firstly...PLEASE CLOSE GATES BEHIND YOU. There are an awful lot of gates being left open on footpaths around Norton. Even if there are no animals in the field please shut the gate behind you – there may be a dog loose and if the gate is shut, it could very well stop them from running onto a road and causing an accident.** Also, just a reminder, if you are a landowner and have a footpath running through your field, it is your responsibility to make sure it remains accessible at all times. Some of the footpaths are very overgrown at the moment.

**There is no meeting in August. The next meeting will be held on MONDAY 13<sup>TH</sup> SEPTEMBER 2021 at 7.30pm. This will hopefully be back in the village hall committee room – depending on latest Covid regulations.**
